

STRENGTH IN NUMBERS

To make a calculated decision on medical liability insurance, you need to see how the numbers stack up—and there's nothing average about NORCAL Mutual's recent numbers above. We could go on: NORCAL Mutual won 86% of its trials in 2010, compared to an industry average of about 80%; and we paid settlements or jury awards on only 12% of the claims we closed, compared to an industry average of about 30%.* To purchase your NORCAL Mutual coverage call RIMS Insurance Brokerage at 401-272-1050. **Bottom line? You can count on us.**
