**AN EXTRAORDINARY  
RUG STORE**

### Whah Wonder

*an interpretive portrait in wool of Jimi Hendrix*

In the words of the designer Ned Baker:

I am a lifelong student and admirer of 60's-70's music - particularly the explosive evolution of the electric guitar and the iconic imagery of the albums and posters from that era.

This rug is a tribute to this period of social unrest and the breaking of barriers AND new ground. The contrast of bold design against a plainer, more organic background shows how the music and sentiments of the time contrasted with what was heretofore considered "normal."
