We are read everywhere

In 2020 to date, approximately 11,000 readers who span the globe have read articles in the Rhode Island Medical Journal (RIMJ) or researched its archives. Viewers accessed RIMJ from more than 2,000 towns and cities in the following locations:

**Top 5 continents**
1. Americas
2. Europe
3. Asia
4. Oceania
5. Africa

**Top 10 countries**
1. US
2. UK
3. Australia
4. Canada
5. Germany
6. India
7. China
8. Spain
9. Italy
10. Japan

The first state map of Rhode Island appeared in 1795. This map appeared one year later in William Winterbotham’s *The American Atlas* published in Philadelphia by John Reid.

Winterbotham’s Atlas was the second commercial atlas of the United States published in the U.S.
