

## RIMS 2005 bike helmet distribution

On May 21, 2005, members and staff of the Rhode Island Medical Society once again gave away hundreds of bicycle helmets to RIte Care children in what has become an annual tradition of RIMS and the RIMS Foundation.

The give-away is made possible each year by the generosity of RIMS members and the support of the RIMS Foundation.

The Rhode Island Medical Society salutes and thanks the physicians who contributed this year to the bicycle helmet fund of the RIMS Foundation.
